JOANINE LIBRARY

Join us on a fantastic journey through the **UNESCO World Heritage** sites in Center of Portugal! These incredible places of unquestionable beauty hold a unique history and a very special charm!

University of Coimbra – Alta and Sofia

Situated on a hill overlooking the city, the **University of Coimbra** with its colleges grew and developed for over 7 centuries within the old city. The classified area includes the **Church of Santa Cruz**, which dates from the 12th century, and the various colleges from the 16th century, the **Royal Palace** of the Alcáçova which has housed the University since 1537, the **Joanine Library**, with its Baroque decoration, the 18th century **Botanical Garden** and the **University Press**, as well as the large "university town", created in the 1940s.

Monastery of Alcobaça

Located north of Lisbon, the abbey of **Santa Maria de Alcobaça** was founded in the 12th century by King Afonso Henriques. Its size, the purity of its architectural style, the beauty of the materials used in its construction and the care with which it was built made this monastery a masterpiece of Cistercian Gothic art.

MONASTERY OF BATALHA

Monastery of Batalha

The Dominican monastery of **Batalha** was erected to commemorate the victory of the Portuguese over the Castilians in the Battle of Aljubarrota (1385). Its construction, which was the main architectural work of the Portuguese monarchs for two centuries, paved the way for the birth of the national Gothic style, deeply influenced by Manueline art, as it can be contemplated in the royal cloister, an authentic architectural masterpiece.

CONVENT OF CHRIST IN TOMAR

Convent of Christ in Tomar

Symbolic monument of the exaltation of the Reconquista, the convent of the Order of the Knights Templar was transferred in 1344 to the **Order of the Knights of Christ**. In the Manueline era, this monument came to symbolise the opening of Portugal to other civilisations.

Pre-historic rock art sites of Côa Valley and Siega Verde

The prehistoric rock art sites of the **Côa Valley** are located on the banks of the Águeda and Côa rivers, two tributaries of the Douro River. They have an extraordinary concentration of petroglyphs from the Upper Palaeolithic (22.000-10.000 BC), which is unique in its kind in the world and is one of the most remarkable examples of early artistic creations of the human being. The engravings are essentially figurative and represent animals, although some geometric and schematic figures can also be identified. The Vale do Côa sites (Portugal) and the Siega Verde site (Spain) form the most important collection of open-air Palaeolithic rock art in the Iberian Peninsula.
